## Shayla Hirji (she/her)

### Revenue Analyst at Holiday Inn Club Vacations

Hello! My name is Shayla Hirji. I graduated from UCF in 2024 with a Bachelor's in Mathematics, and still live in the Orlando area. After finishing my degree and working for a year, I decided I missed school and wanted to seek higher education to allow me more opportunities in the future. After this class I will continue my education through the JHU online Master's in Data Science.

## Projects

### Module 1 Project - Personal Website

My module 1 project was to build a website using Flask, and deploying it through my GitHub account. I used HTML, and CSS files to design the website, and Python to run it.

A screenshot of a web browser window titled "Gemini". The address bar shows the URL "127.0.0.1:8080/contact". The page content is a contact form for "Shayla Hirji". The form includes fields for Name, Email, Subject, and Message, with "Name" being required. There is also a "File" input field. At the bottom, there is a "Send" button.
